In the event of a tie, it will come down to times, so it pays to be smart

CLUE 1. Commence by heading towards a “heavenly” pub. But don’t venture too far for the trumpeting of the 1st photo – an unusual statue in a town – Indian or African??

Take photo of the Statue

At the “Thirsty Camel” drive through store you will find the next set of clues

CLUE 2. Continue route travelling past the outdoor library to the daffodil roundabout. Exit left and cross the iron road on the way to a museum.

(Dom factor) - take photo of purple school sign.

Take 2nd photo of Station Master sign

CLUE 3. There are a couple of “Auras” around here so need to be watchful to keep on them to be able to drive across the lake

Take a picture of where a frog may hangout/lily pads

CLUE 4. Head along “gum boot” rd. Hark! Is that the way? Turn left and pass Royal horsey places

Take photo of Saints football sign

CLUE 5. Abeckett requires you to then turn right towards doggy and catty places.

Take photo of Narre Warren North Public Hall – Bonus point if you photographed the cow letter box on route – but take care if doing so.

CLUE 6. Seems as though we are in suburbia so at the junction turn right and work your way past another lake park and nurseries, through the roundabout to the next one. Stop at the Harvest Cellars to pick up your next set of clues.

CLUE 7. Back on route - continue to drive through 4 roundabouts and aim for the township that has a large outdoor viewing screen. Don’t drive down the main street – instead head uphill keeping the “fortified” cop shop on the right.

CLUE 8. At the T you want turn left and to travel past a lot of steps – don’t panic we don’t want a photo at the top. Join the highway leading towards the city.

CLUE 9. Pass under the bridge but be vigilant as you need to make a “U” turn just past the lights at the station –at a U turn spot – (be careful not to go up the down ramp). Turn left (Railway Av), cross the tracks, turn left and continue to the Reserve parking spots on the right.

Take photo from Viewing point of the Quarry wall

CLUE 10. Continue along the road that changes name a couple of times. For-est your eyes open for a Homestead that has a Lake District name. Enter to collect your final clue.

Take photo of ye olde pillerbox

CLUE 11. Back on the same road that leads you to yet another roundabout and route 36 – take the 2nd exit that leads you to - not a hand washing appliance but a town with the same name. Squirrels must be in the trees around here so time to stop and enjoy because if you go any further, we are going to have to get emergency services out.
